Amazing host and great Condo

- **5 of 5**

This was our first stay at the condo (4/13-4/16) and we loved it. Very well stocked and spacious condo. It was perfect for our party of 7. Owner Gail was amazing and very well organized. Due to closure of I-80 on the night of our arrival we had to spend one night in Rocklin. We informed Gail that we will reach a day late and much to our surprise she refunded one night's stay. We will definitely be back. Thank you Gail for making our stay a great experience.

Best unit I have ever stayed in within this Entire Kingswood Village complex!

- **5 of 5**

This condo exceeded our expectations. First of all, the owner Gail, is extremely prompt and responsive to all inquiries and questions. She goes out of her way to make your stay extraordinary.

We were 2 families of 4 and we never felt crowded.

In addition, this is the most well equipped and functioning unit we have ever stayed in. We have stayed about 7 other units within the Kingswood Condos over the past 15 years, and this one had everything we could ever think of and more. This unit is very clean and extremely organized. Everything is labeled and where it should be. Complete set of cookware and bakeware. Well functioning and maintained kitchen appliances and bathroom showerheads. Complete set of towel sets for all. Down to the details of Kleenex in every single room of the house, coasters on all the nightstands, and paper towels in the bathrooms. The bathroom counters are low enough that little ones could access sinks without a stool. If you happen to forget some condiments or dressing or need some hot chocolate, it is all there.

I usually bring my own frying pan, spatula, cutting board, and kitchen prep knives on trips, but this kitchen was so complete and more than adequate. Things there are efficient, well thought out, well laid out and all necessary supplies ample.

Check out is basic and simple. No hard rules of starting the loads of linen laundry or emptying out ashes.

Plow service is onsite and great!

The kids made a giant snow fort in front of the house and had snowball showdowns with another family of kids from across the parking lot in their own fort.

My kids loved their stay and cannot wait to go back in March!

Thank you for opening up your wonderful condo to share with others. It truly felt like my "home away from home"

Owner's Response: We greatly appreciate your thoughtful and detailed response. Prior to owning our condo and websites such as this, we had a terrible experience when renting a Lake Tahoe cabin. When we were fortunate to find ourselves the owners of a vacation rental property, I was determined that none of our guests would have such an experience but would find our condo to be their "home away from home" as well. Your review indicates we've met our objective! Thank you and we look forward having your family visit again next month. Happy trails.....

Great condo!

- **5 of 5**

2nd time we've stayed at this condo and we've loved it both times. It is very well stocked, comfortable and easily accommodated our family of 5. Great location too as it's very near King's Beach and Northstar. Gail (the owner) is also very easy to work with. Tons of snow but the maintenance folks kept things well cleared. We will definitely be back.

Wonderful Stay, Close to Everything...

- **5 of 5**

My family of 5 stayed here between Christmas and New Years', and we had such a great time. We had plenty of space, and enjoyed the well-stocked kitchen for making our meals at home. Safeway is less than a mile away. This condo is quiet and peaceful (lovely fires in the fireplace, lots of space to do jigsaw puzzles and read) but near everything we wanted to do. Northstar is nearby, and was great for skiing. The kids loved the zip line park and went there twice. The owner, Gail, is so helpful and professional in all of her communications, and has thought of every detail to make this feel like a 'home away from home'. This vacation rental is a fantastic value, and we can't wait to return!

Roomy but cozy, very well stocked kitchen/bath ... and reasonable rental rate.

- **5 of 5**

This condo is one of the most fully stocked rental place we've ever been to! The kitchen is stocked with everything you can think of and the bathrooms look like a hotel setup with the way they stock the towels.

A very roomy 3-floor condo and I must say, the pictures on the site doesn't do the place justice! We'd seen pictures from many rental places that were actually smaller in person than they'd look in pictures. So, with that expectation, we were blown away by how much roomier and nicer it was in person.

We had a party of 6 and were very comfortable with the sleeping arrangement: 2x queen beds (1 in each bedroom) and 2x twin beds in the loft. We didn't use the sofa bed, so not sure how comfy it is, but in a pinch, it could accommodate another 2 persons.

Everything was really clean and you can tell they put a lot of thought in each room. Thank you Gail for a pleasant stay!

We will definitely come back for a ski trip in the winter (hopefully snow condition is good at North Star :-).

Good location, clean, and well stocked

- **5 of 5**

If you're looking for the resort/hotel style experience, look elsewhere, but if you're looking for a place that you can feel like you're at home, then this condo should be on your list. Its well stocked and efficiently organized.

The master bed is a bit on the firm side. The Queen in the second bedroom is more plush. There's plenty of extra blankets and pillows if you need them.

The kitchen is fully stocked, and the refrigerator had condiments, and jams which was nice. The pantry had a few left over items as well which guests are free to use, as well as syrups and cooking oils for breakfast lovers to use. There's plenty of paper towels and tissues as well.

There's clear, detailed information for driving directions, check-in/check-out procedures, entertainment setup etc. etc. The wifi worked well, except my wife had some difficulty maintaining a reliable connection to her work VPN. Not sure if this was a bandwidth issue or something else.

BTW, the TV in the living room area has been upgraded to a flat panel. It took us a few minutes to figure out the remote controls were in the fake Novel on the coffee table. hehe. The stereo wasn't properly hooked up to the TV/DVD player (didn't work like the instructions stated), probably due to a previous guest re-configuring the cables (ignoring the request not to do this), and not restoring the proper configuration.

There was a small plumbing issue that I had to contact Gail, which she immediately resolved the same day.

The only thing that could have been handy would have been a small first-aid kit when I nicked a finger shoveling snow in the morning.

All in all, a good vacation stay!

Owner's Response: Ike, thank you for your thoughtful and thorough review. I can't believe I didn't previously consider the need for a first aid kit in the condo! Your comment is the only time the need for a first aid kit has come to my attention. I will certainly provide a first aid kit with our next trip to Lake Tahoe. We appreciate your support and hope you will come again one day. With appreciation, we wish you and your family....Happy trails!

Not only unbelievable condo, a great customer experience!

- **5 of 5**

We loved our stay here !!! We felt welcome as special guests not as renters.

What makes this place so special? Gail's hard work and obvious attention to detail.

From the beginning it was a great experience. Gail did respond within the time frame, EVERY TIME. She was not only very well organized and clear in her communications, she was charming.

We have traveled in the US and abroad. We had never been to a place where soap, toilet paper, detergent, condiments, and even facial tissues were available and generously offered. The attention to every detail was evident through the condo in the availability of small necessities and in the little labels placed everywhere to make it easy to find a light switch, garbage bags or a crock pot.

There were enough entertainment options to keep everyone busy: a great stereo system, games, books and movies.

To add to all of this, it was in a great location, for skiers and non-skiers alike. Close to Dave's Rentals, a Safeway and beautiful hikes within walking distance, open all year round. The condo is in a quiet location, which we really appreciated.

We are looking forward to our next trip to Tahoe!

The Barrington's Condo is the BEST!

- **5 of 5**

We had a wonderful and memorable time. I agree with previous reviewers that this is the best fully-equipped condo ever. And it trumps all other places we have ever been to. Gail, The owner was very generous with amenities, condiments and other little things to make guests feel at home. Coasters, facial tissue box in every room, plenty of soaps, toilet papers, towels, paper towels, etc. Of course it was very neat and spacious and it came with modern appliance and electronics but more than that, it has charm, a lovely touch of warmth, hominess and coziness which makes this place unique and special. The interior is tastefully and elegantly furnished and decorated. Lots of fine paintings, lamps, mirrors, ornaments, curtains – they are there to please and delight guests.

The location is also great - close and convenient to everything, yet it is very quiet and private. A few minutes to secluded beach with lovely cafes, shops, restaurants, just 20 minute scenic drive to the picturesque Sand Harbor State Park. The view from the condo was also gorgeous with snow.

The procedures of the renting were well-organized, time-saving and efficient. The responses from the owner were prompt and courteous. The setting up of the condo entry was brilliant. We did not need to go to a lobby for check-in or check-out. All details were arranged beforehand via internet and they saved us time. The owner provided guests with tons of useful and precise information, such as driving direction, mileage and recreational map, things to do, dining places, important contact numbers, etc. Literally she did take good care of her guests.

The connection to the wireless internet was a breeze and it was powerful and fast enough to see Netflix on our computer because we did not have to share the wireless with other guests like in a resort or a hotel.

Lake Tahoe has always been a popular destination. At Christmas, especially, one can expect a lot of tourists of many nationalities. Some places can be busy and crowded. Fortunately, in this delightful condo, one can feel so relaxed and content. It was worth coming to Tahoe just to stay in this charming 'home away from home.' We were sad to leave but hope to be back soon. Thank you very much for your wonderful hospitality, and your countless efforts to make a guest feel at home.

Just like home....

- **5 of 5**

We had an amazing trip to Tahoe and we absolutely adored this condo. My children are already asking when we can go back again! It is not often that we find such a gem that is clearly loved by its owners. The personal touches that the owners have added to this condo are adorable and made us feel like we were at home. The condo was clean, organized, and had a fully equipped kitchen for all of our cooking needs. The complex also included a heated pool and tennis court. The condo is very close to Kings Beach and within a short drive to several hiking spots including Emerald Bay. We had a wonderful time and will be returning again.

Wonderful Condo Great Location

- **5 of 5**

My family of 6 fit into this condo perfectly. We had 4 adults and 2 children. There was plenty of space for everyone! Gail (the owner) is very responsive and easy to contact. She answered all my questions and has the condo organized well. Anything you could possibly need to cook with was in the kitchen and she had plenty of Legos and games for the kids to play. The Condo Complex was quiet with plenty of parking and it was close to the beach. My family was so pleased with the accommodations we are already looking forward to our next visit. Thanks Gail for making our stay in Tahoe a comfortable one!

Spacious, comfortable, clean, convenient

- **5 of 5**

We felt extremely relaxed and comfortable in this condo; the beautifully decorated bedrooms offered lots of closet and drawer space, as well as good lighting for reading. The fully equipped kitchen had everything we needed to prepare our meals (with plenty of generous "guest offerings" as well). It was fun to eat our meals on the deck and watch the chipmunks scamper around below. We appreciated all the amenities and every attention to detail. The location was perfect for close access to the lake and to shopping, restaurants, etc.

My best stay at a lodging ever

- **5 of 5**

This condo was the most amazing stay at any accommodation ever. It is well stocked and you can tell that the owner Gail takes care of making sure her guests feel absolutely at home. Even just the littlest amenities made my stay so convenient and I truly felt like I was home away from home. The decor of this place is so whimsical and place is so nicely decorated. Beds were comfy and the kitchen well-stocked and truly this is one of those places you know you can expect to feel truly home away from home. Thank you Gail for the best stay ever!

An excellent Choice: Most Well-Stocked Cabin Ever

- **5 of 5**

We had a wonderful stay at the condo! Gail (owner) was remarkably on top of everything. Email replies were very quick and helpful and she made everything incredibly easy. She checked in regularly and all transactions were completed exactly when she said they'd be. This was the most well-equipped rental I've ever stayed in. From kitchen appliances to cookware (everything from blenders to a crock pot and wok) to extra bedding and towels. There are plenty of condiments and a couple of breakfast items available for use. There are helpful labels and instructions for EVERYTHING. The manuals for all the appliances are available as well. The cabin is cozy and comfortable and the fireplace is great. It has a gas log lighter for easy start-up. You can buy your firewood at the Safeway down the street. Gail sent detailed instructions on how to use the TVs, stereo (for which there is an auxiliary plug-in), PC laptop, and wi-fi (great reception throughout the condo) prior to checking in. There is a dishwasher, BBQ on the deck, and a washer and dryer.

We had 8 adults in our 20s sleep comfortably. As noted in the description, there is room for 6 adults in beds and two on futons. The futons are large and comfortable enough for someone up to about 6 feet, you should just be sure to bring your own twin size sheets or sleeping bags for them to avoid paying an extra \$30 for the additional cleaning. There are multiple places you can put the futons including up in the loft, in the office area, in the living room, or in one of the bedrooms. There are plenty of extra blankets, sheets, pillows, and towels for everything.

The location was excellent. Squaw Valley, Alpine meadows, and Northstar are all within about 20 minutes. The Safeway is MAYBE 2 minutes away as well as various restaurants in Kings Beach and nearby (for which there is a binder full of information if you're looking for somewhere to eat out.)

The only negative I can think of is that the Sauna, Workout Room, and Hot Tub were not open. The Pool and Tennis Courts are only open during the Summer, which makes sense, but it would have been nice to have the Hot Tub in the winter. The Sauna and Workout Room are advertised as being open year round on the Kingswood Village website but were closed while we were there in late February. So, you may want to call ahead to check availability of you wish to use those facilities.

Will definitely stay there again!

Best Tahoe vacation home ever!

- **5 of 5**

We have stayed at many other VRBO rentals before and most of them have been wonderful, but this was by far our favorite. The home itself was beautiful and lovingly cared for, and better stocked than any we have seen before, both in terms of entertainment and food supplies. Everything was organized and labeled for easy use, the owners were available and communicated with us frequently, and they were exceedingly gracious and warm and personal. The location was ideal, central to the lake and 3 major ski resorts. The layout was perfect, with a large and fun loft for our younger kids, and a private room for our teenager, with ample and lovely living space in between. I can't say enough. We will definitely be returning there in the future.

Wonderful Place!

- **5 of 5**

We stayed at this condo at the end of a two week out west trip and found it the perfect way to end our travels. The area is perfect to see so much in beautiful Tahoe and close to everything you need. Cant say enough about the condo. We are a vacationing family who have literally stayed in hundreds of condo's through the years, but we have never seen a condo equipped like this one. If you need it, want it or just have thought about it-its there. Gail does an amazing job at making it feel just like home. She is also a joy to work with! Stay here you will love it!

Look no Further for a North Lake Tahoe/Kings Beach Accommodation!

• 5 of 5

We've rented many condos in the past in various destinations and the Barrington condo is the best we've experienced. Gail "gets it" when it comes to renting out vacation homes. The condo was in great shape and well provisioned (there was even a MP3 cable connected to the AV system ready to go!). Our 8 year old son especially enjoyed having his own "home" up in the loft. A special bonus was the central location of the condo which is within reach of a range of activities (beach, river rafting, Northstar, restaurants, grocery stores, etc.,). Oh, I can't forget to mention that we had access to the tennis court and the swimming pool. We had a great time and wish we could have stayed longer! We'll be looking to stay at the Barrington condo again soon!

Great fall weekend getaway

• 5 of 5

We had a lovely fall weekend at the Barrington condo. We were so impressed by how clean and well appointed it was! We appreciated everything the owner has done to make the condo so comfortable. They have thought of everything little thing – we had all we needed at our fingertips, including cooking/serving utensils, pantry items, linens, games, books, reliable wi-fi and TV/VCR/DVD. Everything was in excellent working order with labels/instructions that are very clear and helpful. I have to agree with the previous reviewer who indicated that it was the BEST equipped rental they had encountered. I had the same reaction.

Communication with the owner has been outstanding. All emails have been answered promptly and the information provided was thorough and accurate. A delightful experience all around. You will not be disappointed with this property.

Week Vacationers From Genoa Nevada

- **5 of 5**

This condo of the Barrington family was a great place to stay for a week of activities at Lake Tahoe.

It is super close to Kings Beach activities and fun which included jet skiing, eating at the Grid Bar and Grill right across from Kings Beach, close to Tahoe City, and Truckee where we went several times to shop and eat. We enjoyed having our children and grandchildren with us for a sleepover. Plenty of room for all of us and the loft was great for the older grandchildren. The property is clean and well maintained and stocked with a lot of supplies and dishes and things for cooking. The washer and dryer were great as we had to wash our beach clothes. Two shower baths and bathrooms were really convenient when the whole troop was there.

Enjoyed the central location to our activities, in close driving distance to Sand Harbor, Incline Village, Saint Francis of Assisi Church, Garwoods restaurant and the water shuttle serving North Shore that can ferry bicycles and passengers.

Got great nights of sleep as the condo was quiet and the place serene and tranquil. Having a computer and three TVs, DVD and VHS players, games for the family, books, magazines, lots of paper towels, regular towels, dishtowels, toilet paper, Kleenex etc helped make our stay stress free.

Our family enjoyed barbequing on the veranda and eating breakfast out there too. Although we did not swim in the complex pool, it looked fun and had a lot of lounge furniture to relax in and read and sun. We would recommend this property to friends and family. We hope to stay here again.

The photos we saw before renting are exactly what the place is like. Much more relaxing than staying in a hotel in the area and much more economical and stress free. Gail has thought of almost everything one would need for information of questions one might have for operating appliances etc.

Enjoyed the homeiness feeling.

It was great not having to drive home after a day's activities on the North Shore of Tahoe. Being able to just drive the short distance to the condo was very convenient.

Everything about the condo was perfect! We have rented in Tahoe every year for the past 14 years and your condo was one of the best! Our kids loved the loft area. All the little things that count

- **5 of 5**

My partner and I and our out of town guests stayed for 3 nights recently. As an owner of another VRBO (77820) in San Francisco I was incredibly surprised at how well organized and laid out this condo is. I've stayed at a number of VRBO's over the years and this has to be the best value for money one I have ever experienced. The little things such as directions posted and even manuals on appliances astounded me. Everything was so thoughtful and considerate. Their information compendium was the best I have seen. It was seamless which is exactly how a vacation rental should be with nothing missing and a lot of extra's thrown in. If you are looking for a place in Tahoe, look no further and even if you are just a couple it is still a great place.

From the moment you walk into this Kings Beach Condo you will not be disappointed by the amenities this condo has to offer. Everything the owners describes on their web site is more than accurate. Bedrooms and bathrooms were very clean. If there was a problem, the owner is only an email away and they get back to you in a timely manner. Best Condo or House at Tahoe we have ever rented!! And we have been renting in Tahoe for 20 years!!

- **5 of 5**

We have been renting condos and houses in Notrh Lake Tahoe for the past twenty years -- Tahoe Vista, Carnelian Bay, Kings Beach and Northstar -- and our two stays in the Barrington vacation home this ski season have been, by far, our best experiences yet. Our first stay -- a two-and-a-half week ski holiday in Dec/Jan -- was perfect!

We were surprised and delighted by how nice the condo was furnished and decorated, and especially by how well was equipped and how well it was provisioned! We do a fair amount of gourmet cooking, and we brought quite a bit of equipment with us; we should not have bothered! The kitchen had just about everything we needed! It was VERY well equipped -- as was all the rest of the condo!!

Also, it was great to have so many condiments and paper products there before we arrived. It saved a lot of time and bother since we did not have to run out to buy these things. We were truly surprised by this. It was a first for us!

Our second stay -- a week-and-a-half in March -- was equally delightful.

If all goes well. we plan to spend our two ski vacations next season right there in the Barrington Condo!!

My family rented this unit for 9 days last summer, our stay was great and we hope to rent the unit again sometime. Clean, plenty of room for everyone, super well equipped, wireless internet. The owners were very attentive and nice to do business with. I did not really want to submit a review as I don't want to have to compete with all you folks out there for this unit when it comes time for me to rent it again!!! So selfish of us...thanks again Gail!

We had another wonderful vacation at the Barrington Condo! The kids enjoyed their own space with Lego's and games, while we relaxed by the fire watching the snow fall. As always, the condo had everything we needed to make meals and sleep peacefully. Thank you so much for making this available to us!

Five of us went up for my brother's birthday weekend. The condo was so fabulous - the fireplace, being able to listen to music on our iPod with the speakers in the living room, the comfortable beds and blackout shades(!), the location, the barbecue, and every condiment you could ever think of needing for a meal! We snowboarded by day and hung at the condo drinking wine by night - it was so comfortable and sweet we didn't need to leave.

Gail was gracious, kind, and responsive from our inquiry until our check out.

Five thumbs up :)

Thank you Barringtons for sharing your space!!

Thank you for letting us stay in your condo, we had a great time there. It is nice and warm, like its

owner. Everything there is what we hoped for, nice, clean and convenient. It is very thoughtful of you to have paper towels in the bathroom, just like we do at home. We love all the decorations, and the story about the bear. My 5-yr-old girl couldn't stop drawing all the decorations she spotted and my 7- yr old boy said we should book this condo again for our next trip. We are sure to come back again.

I had the pleasure of the Barrington's condo for a full month and can say without reservation that it was the happiest rental experience I have had in over 20 HomeAway experiences. You will find it well located, nicely appointed, clean and functional - and a gracious hostess if you ever have any questions. The lived-in feel adds a comfort that you rarely find in a rental and will likely be of help if you forget something at the market. I certainly hope to return.

This is our family's second time renting the Barrington Condo during ski season. It is clean, comfy, cozy and very well stocked. The kids love playing in the back area where they can build a snowman and attempt at constructing an igloo. The place makes me feel at home and stress free. Love having the laundry available. Safeway is down the street and the kitchen is well stocked with every pot, pan, utensil etc you need. Thanks Gail & Family for letting us rent your lovely place. We'll be back again...soon I hope.

We had a wonderful time at your condo. One of the reviews had commented that it was very well stocked. That was definitely true. We have rented several vacation homes at Tahoe over the years and yours was the most completely stocked. Thank you for providing things like olive and vegetable oil so we didn't have to buy any just to oil a pan. We also enjoyed your decorating. Your description of it as your doll house was not surprising.

My family and I had the fortunate experience to stay at the Barrington Condo. The condo is beautifully decorated and it was great to come home at the end of the day and feel so comfortable and cozy. My 17 year old son and his friend enjoyed the video games and wi fi access and felt like the condo was really cozy. The two outside decks look out onto a forest like setting and while my husband and I drank our morning coffee we were treated to a show of squirrels, chipmunks, bunnies, and all sorts of birds. The condo is located close to the beautiful beaches and activities that families enjoy. There is also a network of trails right outside your door and they are fantastic! The condo pool is in the middle of beautiful pine trees. The condo was even better than we expected and we will definitely stay there again in the future and would highly recommend the condo to anyone who is considering renting it. We stayed for seven nights in August.

It was an amazing experience, to start with good house, decent location, great setup. Very clean, all appliances and entertainment stuff available that you can think of. Very professional handling and awesome prices as compared to other rentals. More capacity as compared to any other similar priced condo. I would say all in all very good place to live and enjoy vacation.

- **5 of 5**

We have rented many vacation condos in the past and found this one of the very best. The Barrington's condo is very well equipped, especially the kitchen. It feels like home. It was snowing hard the whole week we were there. The thoughtful, well-stocked kitchen helped us tremendously by not having to make an extra trip to Safeway for some spices and sugar and such. My daughters enjoyed the wired and wireless internet as well as many games available in the condo. The location is just about right, quiet, not far from Northstar nor shops in Kings Beach. The most wonderful thing of all is probably Gail herself. She was very professional, responsive and helpful. She was able to steer me toward renting another unit for my brother's family. In fact, we are planning to come back to the same place two week from today. I appreciate their sharing with us their home away from home, and highly recommend the Barrington's.

We had a wonderful time in Tahoe, and always found it a pleasure to come back at the end of the day to your beautiful, and comfortable condo. We have stayed at other condos in your complex, but none compare to the accommodations that you provide and offer to your guests. We definitely will be back to Tahoe next year and hope that your condo will be available for our stay there.

We just wanted everyone to know that we had a wonderful time staying at the Barrington Condo from July 18-25. It really is the most well stocked "home away from home" that we have ever spent time in. This was the perfect place for the two of us, along with our 9 and 4 yr. olds. We found it's location to be very quiet, yet close enough to be among the activities of Lake Tahoe if you wish. The kids enjoyed the pool, and the many other activities in the condo. All of our friends that visited also had room to stay and move about. Our week went too fast, so we will just have to make this a regular visit. We recommend this to anyone, either couples or families on vacation.

Thank you Gail for offering us your beautiful home, it was a treat.

My wife wanted me to tell you that your condo is the best equipped condo that we have ever stayed in. (we have stayed in many) You have thought of everything and when ever someone asked for "whatever" we found it. They also appreciated your wi fi and used it everyday. (one in our group works for IBM as a project manager so he had to be on everyday for his work and this was very good for him) Your labeling of everything was appreciated and even when one TV remote stopped

working we replaced the batteries with your spares and we were back in business. We also liked the thermostat programmed temp changes since we all like it cooler at night and we didn't care about the temp set back during the day since we were never there. (we turned that feature off when we left) We also turned off the wi fi before we left.

Thank you again for allowing us to rent from you.

This is the third or fourth condo we have rented in the same complex for our annual ski trip - and this is the one we will now return to every year! We couldn't have asked for a better place. I loved how well stocked the kitchen was, how organized everything was, and how clean it is! Every year I come prepared with my own griddle, spatula and pancake mix for our pre-ski pancake feed - and there was everything right in the kitchen. I didn't need to bring any of it!

Our daughter fell in love with the loft and what she quickly dubbed "her private playhouse" and it was hard to get her out of there to go skiing!

We had the perfect time at the Barrington's and will be back next year!

- **5 of 5**

For many years we have gone skiing in Tahoe for a week around Christmas time. We have stayed at many different condos and cabins on the North Shore and have had the occasion to deal with many different property owners. This year we were fortunate to have found Gail and her family's condo. I can say, without any qualification, that this was our best Tahoe experience. The condo was beautiful and had every comfort and convenience from a computer with wireless internet connection, to a full size washer and dryer, to comfortable beds and bedding, to a wide supply of games, to wonderful Christmas decorations. The location was only steps away from our parking spot. This was very handy in carrying items from the car to the condo and back. However the best part of our experience was in meeting and dealing with Gail. She could not have been more helpful unless she was actually at the condo to make our meals and beds. It was truly a pleasure to rent from Gail and her family. We will certainly rent from her again on our next trip.

We spent a wonderful week in Tahoe at this condo in Kingswood Village in Kings Beach, and we had everything we needed at our fingertips and more! We have stayed in other condos at Kingswood Village, too, and this condo is exceptional for providing so many appreciated extras. We enjoyed being able to check email and play games on the computer. We watched DVDs, barbecued and cooked, did laundry, and enjoyed the other comforts the condo offered. Getting to know Gail during this rental process was a pleasant bonus. She is friendly and helpful whenever she is needed for information and/or any kind of help. I do not hesitate to recommend this condo to anyone who is looking for a special place to spend some time in the beautiful Tahoe area.
